# BUILDING INSPECTOR WILL ENFORCE THE LAW

Allowed to Be Done Until Authority Is Given.

Building Inspector A. B. Hirth has announced his intention of strictly en-

Mr. Hirth says several buildings have been started recently before the per-mits for them were taken out. In some instances the permit was not applied for until the building which it covered was almost completed. This is in violation of the law, which requires the taking out of a permit before the building is started.

The law provides for a fine of from \$5 to \$100 for each day work on the building goes on without a permit hav-ing been taken out, and Mr. Hirth de-clares that the ordinance will be enforced if any more violations come to his potice. It is opined that after two or three of the violators of the ordinance in this respect are hauled into the courts and made to pay a fine, the rest will comply with the law pretty closely. "If they do not, they will be sorry," declared Mr. Hirth, "for I've got my eye on 'em, and will haul the first offender into court.
